Acer Nitro VG270 bmiix 27" Full HD Radeon FreeSync Monitor

acer

Model	Acer Nitro VG270 bmiix 27" Full HD Monitor
MSRP	\$229.99
On-Shelf Date	June 24, 2018

High Level Specifications

- 27" Full HD (1920 x 1080) Widescreen IPS Monitor with AMD Radeon FreeSync Technology
- **Response Time:** 1ms VRB
- **Panel Type:** IPS
- **Refresh Rate:** 75Hz
- 2 speakers, 2 watts per speaker
- Acer VisionCare Technologies
- **Ports:** 2 x HDMI 1.4 Ports & 1 x VGA

What's in the Box

- Display
- Stand
- Power Cord
- VGA Cable

Key Features

Web Description

Acer Nitro VG270 bmiix 27" Full HD (1920 x 1080) IPS Monitor with AMD Radeon FREESYNC Technology (2 x HDMI Ports & 1 x VGA)

The Gate of Smooth Gaming

In competitive gaming, every frame matters. Introducing Acer's VG270 gaming monitor - the Full HD resolution monitor that can keep up with your game play. Through AMD Radeon technology, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor, giving you a serious competitive edge. Plus, users can enjoy comfortable viewing experience while gaming via flicker-less, low dimming and ComfyView display. The design saves space on your desk and lets you place multiple monitors side by side to build a seamless big-screen display.

Features

**ZERO
FRAME**

Quality Visuals

The VG270 27" monitor with 1920 x 1080 Full HD resolution in a 16:9 aspect ratio presents stunning, high quality images with excellent detail. The zero-frame design does away with the thick frames found on conventional monitors freeing up precious screen space so you have more to look at from edge to edge.

Game View Technology

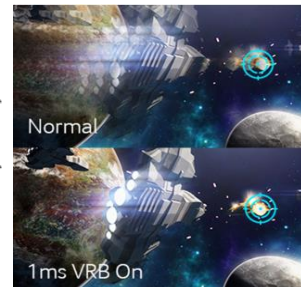

Acer Game Mode has eight pre-set display modes to optimize the visuals for different types of content: Action, Racing, Sport, User, Standard, ECO, Graphic and Movie. This unique feature can be easily accessed through a hotkey or the On Screen Display (OSD) settings menu.

AMD RADEON FREESYNC Technology

Say "goodbye" to stuttering and tearing. With AMD RADEON FREESYNC, the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and provide the smoothest gaming experience.

**VRB
1ms**

Responsive!!

Fast response time of 1ms enhanced gamers' in-game experience. No matter the fast-moving action or any dramatic transitions will be all rendered smoothly without the annoying effects of smearing or ghosting.

IPS
In-Plane Switching

In-Plane Switching Technology

Advanced liquid crystal formula for advanced IPS technology for premium color performance, which has no color difference at any viewing angle.

75Hz
Refresh rate

Rapid Refresh Rate

The 75Hz refresh rate speeds up the frames per second to deliver smooth 2D motion scenes. With a rapid refresh rate of 75Hz, Acer Monitors shorten the time it takes for frame rendering, lower input lag and provide gamers an excellent in-game experience.

Acer Nitro VG270 bmiix 27" Full HD Monitor

Detailed Product Specifications

Viewable Area	Speakers
